The County of Macomb, Department of Planning and Economic Development will be hosting a Courtesy Presentation for Public Response Meeting regarding the Macomb County Trailways Master Plan.

Through funding assistance from the Michigan Department of Transportation, and the Macomb County Board of Commissioners, the Planning & Economic Development Department has facilitated the development of a county-wide trailways master plan. It has been the County's intention to capture the momentum of existing trail projects and work closely with local, regional and state agencies to create a plan that presents a unified and coordinated vision for non-motorized transportation planning and development in Macomb County.
