Dear Colleagues:

Wade Trim supports the Black Lives Matter movement and efforts to end the prejudice that continues to tear at the fabric of our society. Racism is not tolerated at Wade Trim and we are committed to taking action for real change.

We value our people and promote a diverse employee population and inclusive culture where every employee feels welcome, safe and comfortable being who they are. We support this through diversity and inclusion training for employees and expanding universal education and work opportunities within our industry.

We know words are easy. The protests are a reminder of the challenges that our employees, friends and colleagues of color live with every day. To help end social injustice and support a nation where all Americans have equal access to a college education, Wade Trim has made a $15,000 contribution to the United Negro College Fund (UNCF). We hope you will join us in support of UNCF and Black Lives Matter.
